

HEARPLUGS

2 - way Headset

Peltor's new HEARPLUG 2-way headset is designed for those radio users working in high noise environments that require a lightweight headset solution plus hearing protection. It features clear, crisp 2-way communication making it useful in a wide variety of applications including:

- ▶ Airports
- ▶ Manufacturing
- ▶ Public Safety
- ▶ Hazmat
- ▶ Construction
- ▶ Forestry

- ▶ **Slimline neckband design compatible for use with hardhats**

- ▶ **NVLAP certified NRR 29 dB**
using foam disposable tips

- ▶ **Great for use in hot & humid environments!**

HEARPLUGS

2 - Way Headset

Peltor's latest line of HEARPLUG 2-way headsets features a comfortable, lightweight but yet robust neckband design integrated with noise reducing communication earplugs. The flexible goose neck design has a noise canceling microphone which reduces background noise resulting in clear communication even in the most extreme noise environments. With our large selection of radio connectors, these headsets can be used with any existing or new radio system.

Gooseneck boom with noise-canceling microphone

Soft, rubber overmolding for comfortable fit.

Easy to insert plug with hole allows radio transmissions to pass through & be heard clearly

Coil allows for unlimited head movement and placement

Wide selection of radio PTT adapters available

In-line thumb activated button

In-line palm activated mushroom button

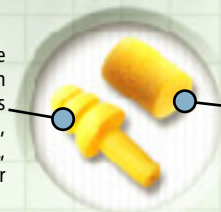

Metal neckband

Adjustable tab design allows for individual head sizing
